

Hotel Al Fiore is happy to welcome all guests who wish to bring their pets with them and will reserve them a very special treatment. Our Vip (Very Important Pets) too, however, must follow some SIMPLE RULES, in order to guarantee maximum comfort to all our other guests. Being Vips, we're sure it won't be any trouble.

VIPs must not weigh more than 20 kg.

It's important to bring your pet's health record book with you to guarantee that your friend is current with all necessary vaccinations and is in good health, as well as insurance for civil liability. Should your friend damage or spoil items or furnishings or cause injury to other people, you will be accountable to the Hotel management.

Please keep your pet on a lead when walking around the property. We are sure your friend will be happy to show off this trendy accessory!

Pets are not allowed in the pool area.

Only one pet allowed per room (otherwise, what kind of a Vip would it be?)

Our friends must not be left in the room on their own (but we're sure this goes without saying).

Our chambermaids need to be able to do their job in a tranquil manner so as to ensure the maximum hygiene you have been accustomed to. Should you happen to be in the room, please make sure your little friend is in a carrier and not wandering around during cleaning. The chambermaids will be really grateful.

We know that our guests and their four-legged friends will be on their best behaviour so we won't even mention common courtesy and cleanliness. We will simply remind you of it, such as for example picking up after your pet.

Pets can enter the breakfast and restaurant rooms on the following conditions:

- Indoor breakfast room: free access during opening time, please follow the manager's indications.
- During lunch and dinner, please make sure our Vip is seating near or under the table, not on the chair or on your lap.

The Management reserves the right to exclude guests in case of any behaviour that disturbs other guests or the hotel.

There is a charge of € 30.00 per pet stay.

*We would also like to inform you that:*

- you can find "Bau Beach" in Peschiera del Garda, 2.5 km from us. It is open every day during the summer period between 9.30 am and 6.30 pm. For further information: 342.1254336
- please ask reception for a veterinarian, dog sitter and pet shops.
